Log in Settings for Student Network on iPAD and iPhone
(You only need to do this once)

On the iPhone or iPad click on settings

Highlight WiFi

Then click on the arrow next to WC student

Scroll down to HTTP Proxy

Select Manual

Enter these server and port details exactly as they are here

Turn authentication on

The student then needs to enter:

username: 02 + student number
password: ddmmyyyy

date of birth ddmmyyyy

eg: westcoastedu\021234567

eg: 01041978

Go back to the home screen (press the round home button) open safari - you will be redirected to the WiFi log in screen.

The student then needs to enter:

username: 02 + student number and password: ddmmyyyy
